Bandon Dunes is true to the spirit of Scotland's ancient links. Here, players immerse themselves in the traditions of a timeless game and the grandeur of Oregon's rugged coast. Sweeping, untamed shores stretch for miles. Primeval grassy dunes roll to the sea. Four distinctly different courses have been conceived in harmony with the natural environment. They combine with all the essential elements to reveal a new golf experience every time you play. And at the end of the day, gracious hospitality comforts each guest like a warm, friendly embrace. This is Bandon Dunes -- golf as it was meant to be. Perhaps *Golf Odyssey* summed it up best: "It is here, on this remote stretch of the wildly stunning Oregon coast, where the finest golf courses in the whole world quietly await you."

Bandon Dunes Golf Resort

Enjoy a total of two rounds of golf for two at your choice of these courses:

Bandon Dunes Golf Course is perched on a bluff high above the Pacific Ocean unfolding along pristine native dunes where expansive ocean views are revealed on nearly every hole. The course is completely natural and routed through an environment of indigenous vegetation. This is a thinker's course. Winds are ever-present, and the varying elements create a new experience each time you play.

Pacific Dunes Golf Course is remarkably different in character and shot making requirements than the other courses. Rippling fairways remain just as they were found and natural bunkers line the landscape as they have for centuries. The course emerges from shore pines to spectacular 60-foot sand dunes. When the wind blows, precise approach shots are a necessity. Pacific Dunes is short enough to give you hope, but rugged enough to test every facet of your game.

Bandon Trails Golf Course begins atop a massive sand dune, quickly opens into a sprawling meadow, works higher into the coastal forest, and finally returns to finish in the dunes. The course is enjoyable to walk and is a constant reminder of how the game was originally created among inland rolling dunes with dramatic ocean vistas.

Old Macdonald Golf Links pays homage to golf course architect C.B. Macdonald by asking one simple question: What would Macdonald have created had the Oregon Coast been his canvas? Architects Tom Doak and Jim Urbina have crafted a course that seeks the answer upon vast greens, among myriad angles of play, and from the depths of fierce bunkers. The links moves through dunes to ocean revealing breathtaking views throughout.
