MACRA - Earn It or Lose It!

The stakes are high as reimbursement models continue to evolve. Whether the Affordable Care Act stays or goes, in part or in totality, experts across the board agree that focusing on quality and health outcomes is one of the best ways to improve long-term healthcare economics in the United States. Getting on board with the latest alphabet soup – MACRA, MIPS, QPP – is the best plan for long-term success. And, no, before you ask – Meaningful Use is not going away!

The AHIT team will give participants the highlights they need to understand surviving one of the latest healthcare reimbursement adventures!

Speakers: Diane Gaddis, President/CEO, Chantal Laperle, Director of Quality Improvement and Care Transformation, April Zehms-Payne, Practice Advisor, The Center for the Advancement of Health IT, Community Health Centers Alliance, Inc.
